# TREATY WILL BE RATIFIED SAYS THE PRESIDENT AND U. S. TROOPS WILL NEVER AGAIN CROSS SEAS

## ITALIAN OPPOSES TRIAL OF KAISER

Prof. A. Stoppato.

Prof. A. Stoppato, deputy and leading member of the Italian parliamentary committee studying the peace treaty, is against the trial of the kaiser. Stoppato, who is an authority on international law, says that the proposed trial is contrary to all judicial procedure. He says the constitution of Germany would have to be considered, as well as the thoughts of the German people. He also says that the judge would have to be from a neutral country and that evidence of neutrals would be necessary.

## QUIET REIGNS IN THE SENATE SCENE SHIFTS

Solons Await First of Wilson's Speeches Before Opening Debate.

Further Progress Made in Compromise.

(Special to The Herald)

Washington, September 4.—Chief interest in the controversy over the peace treaty and the league of nations covenant today shifted to Columbus, Ohio, where President Wilson opened his long campaign of speech making in behalf of immediate ratification.

In the Senate no prepared addresses were announced for delivery and it was indicated there would be a temporary suspension of debate.

The Senate Foreign Relations Committee today approached final action on the German peace treaty. After hearing Jugo-Slav representatives, the committee planned to meet in executive session late in the day to consider the last amendment by the committee, that of Senator Fall, republican, of New Mexico, proposing elimination of the international labor provisions.

Further progress toward an agreement on reservations between all republican factions were reported today by party leaders.

## AGAIN DEFEATS SUFFRAGE

Montgomery, Ala., Sept. 4.—For a second time the state senate refused to ratify the federal woman suffrage constitutional amendment. A motion to ratify was defeated, 18 to 13, after a debate of two hours.

## NATION'S CHIEF GIVEN OVATION IN COLUMBUS WHEN HE DELIVERS APPEAL FOR SUPPORT OF TREATY

Warns American People to Beware of Distorted Speeches of Men Who Do not Comprehend What the Peace Treaty Contains and Misrepresent Facts.

## "DON'T LET MEN PULL IT DOWN" IS APPEAL LEFT WITH PEOPLE

President Insists Treaty Rights the Wrongs of Europe and That League of Nations will End Wars and is Debt Due Those Who Gave Their Lives.

COLUMBUS, OHIO, SEPTEMBER 4.—(Associated Press)—President Wilson, opening his country-wide speaking tour for the peace treaty, declared in an address here today that his purpose was to "go out and report to my fellow countrymen."

"The only people I owe any report," said the President, "are you and the other citizens of the United States." The president said it also seemed "increasingly necessary" that he should make such a report because he had read many speeches about the treaty and was unable to gather from them much of what the treaty contained.

Speaking to a crowd which jammed Memorial Hall here, the President's declarations frequently were interrupted by cheers. It is estimated 5,000 heard him speak.

The meeting was presided over by Dr. W. O. Thompson, president of Ohio State University, and the President was introduced by former Governor Campbell, as "the first citizen of the big, round world."

Mr. Wilson began by saying that he had "chafed at the confinement of Washington," and was glad to get out to make his report to the people.

In the first place, he said, the treaty undertook to punish Germany, but there was no thought to overwhelmingly crush any great people.

"Restraint has been exercised," he said, and there was provision for making the reparation no greater than Germany could pay.

Mr. Wilson said he had been astonished at statements made against the treaty and was convinced many were made by men who had not read it, or had failed to comprehend its meaning.

The League of Nations, he declared, was formed in fulfillment of the promise that the United States was fighting this war "to end business of that sort" forever. Not to establish the league of nations, he said, would be "unfaithful to those who had died."

## LEAGUE NECESSARY

"If we do not do this thing we have neglected the covenant we promised our people. The League of Nations is the only thing that can prevent the recurrence of this catastrophe."

Besides this the President said, the treaty bears away the chains of oppression and gives small nationalities the right to live their own lives.

That, he said, "was the American position and I was glad to fight for it."

Italy, he continued, had presented to the conference a contrary proposal in her request for Fiume.

Though there were only scattered Italian settlements there, he declared, Italy wanted Fiume for strategic and military purposes.

"If there were a league of nations," he said, "Italy would not need that foothold."

"I would rather have everybody on my side than to be armed to the teeth," he said.

## TO RIGHT WRONGS

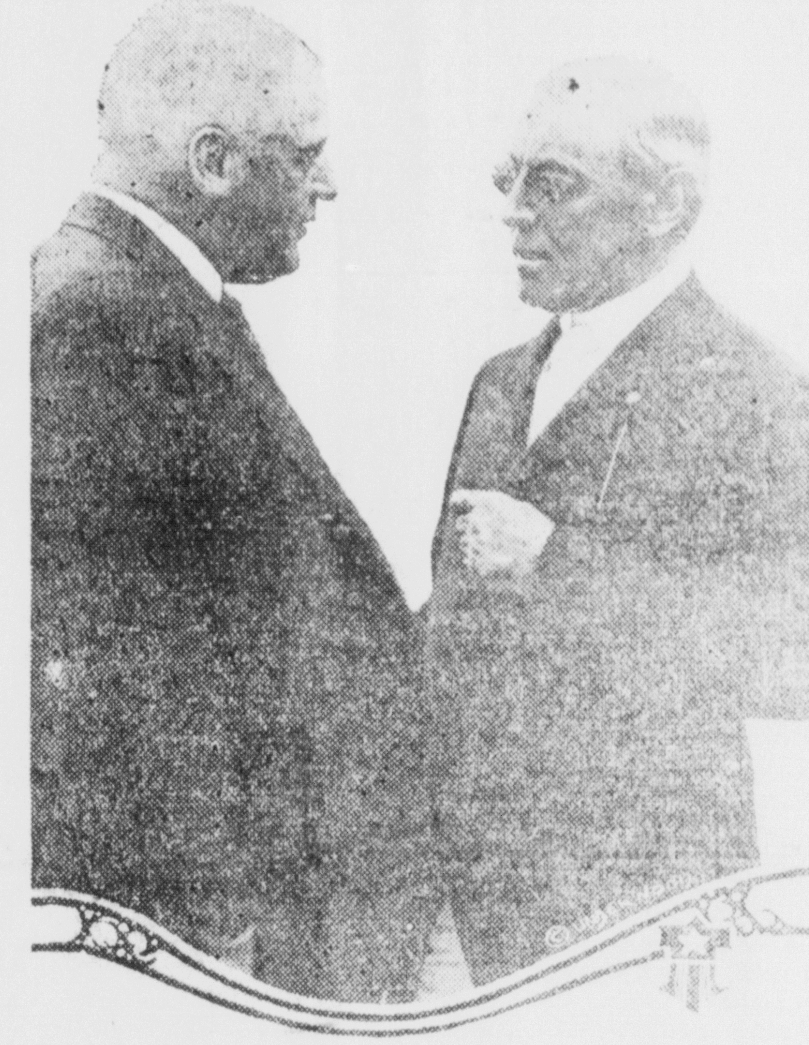

Referring to criticism that the treaty violated American traditions, Mr. Wilson said he was proud that he also belonged to the "old revolutionary school" and that he was following the purposes of the vision which the fathers had seen.

"This treaty is an attempt to right the wrongs of Europe," said the President, "and in my humble opinion it is a measurable success."

The treaty, he declared, was "shot through with the American principle of the choice of the governed."

The treaty also contains, the President said, "a magna charta of labor" which would set up an international labor organization. This, he said, would hold its first meeting in Wash-

## PRESIDENT DISCUSSES H. C. L. PROBLEM WITH THE GOVERNOR OF PENNSYLVANIA

This is probably the best of the most recent pictures taken of the president. Mr. Wilson is shown in earnest consultation with Governor Sproul of Pennsylvania, who was among the members of the committee appointed by the governors' conference at Salt Lake City August 24 to see the president and tender him aid of whatever state machinery he desired in order to bring down the present scale of high prices.

ington "whether the treaty is ratified by them or not."

## MUST BE SATISFIED

The labor section, Mr. Wilson said, provided what should have been provided long ago. It fulfilled the tardy realization of statesmen, he said, that there could be no good government or peace unless the people were satisfied.

By regulation of labor conditions and similar provisions like those to regulate the opium trade and extend the Red Cross, Mr. Wilson said the treaty "draws the noble impulses of the world together and makes a team of them."

## APPEALS TO PEOPLE

The President appealed to his hearers to exert their influence for acceptance of the treaty.

"Don't let men pull it down," he said. "Don't let men misrepresent it." "WHEN THIS TREATY IS ACCEPTED," HE SAID, "THE MEN IN KHAKI WILL NEVER HAVE TO CROSS THE SEAS AGAIN, AND I SAY WHEN IT IS ACCEPTED, BECAUSE IT WILL BE ACCEPTED."

## IS SATISFIED

The President appealed to his hearers that if they would not read the treaty themselves to at least accept the accounts of its contents as given by those who made it. Mr. Wilson said he had heard a great deal of selfishness of other nations but there really was a concert of feeling at Versailles.

"We were there under instructions and we did not dare come home without fulfilling those instructions," he said. "If I could not have brought back the kind of a treaty I did bring back, I would never have come back," he declared.

The President finished his address at 12:25 p. m.

As the President was leaving the hall a Chinaman called several times: "Mr. Wilson, how about Shantung?" The President did not hear him.

Escorted by a battalion of state troops and officials, President Wilson was driven to Memorial Hall immedi-

ately upon his arrival shortly after eleven o'clock.

To greet him were crowds somewhat reduced on account of the street car strike but he was cheered heartily as he and Mrs. Wilson proceeded.

On arriving at the hall at 11:30 the President received a great ovation. The President's remarks were interrupted frequently by applause.

## YANKEE TROOPS TO HOLD MUCH NEW TERRITORY

Army of Occupation has Area Doubled.

(By Associated Press.)

Coblenz, Germany, September 4.—Marshal Foch, the allied commander-in-chief, has decided upon the extent of the territory in the Rhineland to be held permanently by American forces.

Its area will be twice as large as that which has been under American jurisdiction since the last combat division left for home.

By Marshal Foch's decision the Americans are again to take over all the Coblenz bridgehead proper, or exactly the same territory on the east bank of the Rhine as the Americans have occupied since December last.

## DENIES WRIT IN PORK CASE

(By Associated Press.)

Canton, O., September 4.—Justice Day of the United States Supreme Court here today denied a writ asking a stay of execution in the case of the State of Ohio against the Columbus Packing Company in which 75 tons of pork, said to have been held in violation of the law, was seized by the prosecuting attorney.

It is said the pork will be placed on the market and sold at once.

## TO ACCEPT WAGE PLANS OF WILSON

600,000 Railroaders Agree to Wage Adjustment Plan Laid Down by President.

Shopmen are Included in Workmen Who Announce Willingness to Accept.

(By Associated Press.)

Washington, September 4.—Representatives of the 600,000 members of the United Brotherhood of Maintenance of Ways and Railroad Shop Laborers asked the Railroad Wage Board today to adjust their wages in accordance with the principle laid down by President Wilson in approving adjustments last week for the railroad shopmen.

While railway shop men have declared by a vote of 325,000 to 250,000 that the wage advance offered by President Wilson is not acceptable as a basis of settlement of their demands, they have decided to leave the question of strike in the hands of their international officers.

It was announced the acting council of the railway employees' department of the American Federation of Labor would not put the strike vote into effect until the failure of the government's effort to reduce the high cost of living.

Constantinople, September 4.—More than 1,000 persons were executed by the Bolsheviks before they evacuated the city of Yekaterinburg in southern Russia, according to a dispatch from that city today.

## FINAL ACTION BY COMMITTEE NEAR AT HAND

Foreign Relations Committee Expected to Vote Today.

(By Associated Press.)

Washington, September 4.—Final action on the peace treaty by the Senate Foreign Relations Committee late today is planned. It was proposed that a resolution of ratification including reservations be adopted and that the treaty be ordered reported to the Senate.

It was announced Senator Fall had withdrawn the only remaining amendment before the committee proposing to strike out labor sections and a special executive meeting late this afternoon was for the purpose of a final vote.

## U. S. PLANE WAS NEVER ACROSS MEXICAN LINE

Official Announcement Made That Mexicans Fired on U. S. Plane Without Cause.

(By Associated Press.)

Washington, September 4.—The American army airplane fired upon by Mexicans Tuesday was "at no time over Mexican territory," the War Department was informed today by Major General Dickman, commanding the Southern Department.

Mexican officials claim the machine had crossed the international boundary line before the Mexicans opened fire, wounding Captain McNabb.

## AUSTRIA ASKS TWO ADDITIONAL DAYS TO REPLY

Request Granted by Supreme Council

(By Associated Press.)

Paris, September 4.—The Austrian delegation has asked the peace conference to extend the time allowed for an answer to the terms of peace by two days. It is probable the conference will grant this request.

## LOCAL BUSINESS MAN IS HELD IN PROBE OF FIRE

Harvey Blanton, Furniture Dealer, Held for Examination Regarding Fire in His Furniture Store.

Two Insurance Policies Are Found—Blanton Insists He is Innocent.

Harvey Blanton, North Fayette street furniture dealer, was taken into custody, Wednesday, by Deputy State Fire Marshal J. B. Pemberton, and escorted to Columbus where he was held for examination in connection with the fire of mysterious origin which was discovered on the second floor of Blanton's place of business at one o'clock on Tuesday morning of last week.

The action of the deputy fire marshal followed an exhaustive examination at the hand of the officials, who stated that when originally quizzed as to insurance and other matters, Blanton gave his total insurance on furniture stock as \$1500, held by a local agent. Later, according to Deputy Pemberton, it was discovered that Blanton held an additional \$2500 insurance with a Springfield Insurance Company.

When the additional insurance was not satisfactorily explained Blanton was taken in charge by the officials and removed to Columbus for further examination. However no formal charge was filed against the man and it was announced that he was simply held for examination.

Thursday morning Deputy Pemberton returned to this city and obtained certain papers from Blanton's place of business, and then returned to Columbus. While here he consulted with Prosecutor Harry M. Rankin.

The fire in the Blanton store was found about one o'clock in the morning and apparently had been kindled with the intention of destroying the place, as there was evidence of kerosene about the debris found smoldering in the middle of the floor.

Blanton strongly denies that he knows anything about the fire other than that it was found in his place of business and apparently had been started by someone. He insists that suspicion directed against him is unwarranted.

Trick dog acting as picket for striking actors in front of New York theater and U. S. service men throwing away theater tickets after hearing pleas of striking actresses who pointed out entertainment work done by actors and actresses overseas.

The actors' strike, which has closed many theaters in New York, halted production of many more plays and is spreading to other cities, apparently is no nearer an end than it was the first day.

## WILMINGTON PIKE PARTLY OPENED

What is declared to be some record breaking road building has just been finished in Clinton county where, in a few week's time, the Wilmington pike has been completely rebuilt from the corporation line of Wilmington to Melvin, and part is now open to traffic.

The contractors are now busily engaged on the section from Melvin to the Fayette county line and expect to complete it within the next few weeks.

## Y. M. C. A. CORNER

Boys Meeting Sunday.

Next Sunday, Sept. 7th at 2:30 p. m., there will be a meeting for boys. Any boy in Washington C. H. is welcome. He does not have to be a member to come. Everything possible will be done to make these meetings helpful and attractive to these coming men. The program will be varied from week to week. Next Sunday will bring some good music. Rev. Wm. Boynton Gage will tell the boys about "Life in a Prison Camp in France." The next Sunday, Prof. Probasco will tell some of his experiences. His subject will be announced later.

Working On Program.

A definite program is being mapped out for the Y. M. C. A. during the coming fall, winter and spring, and indications are that the Association building will be the busiest place in recent years.

## G. A. R. RANKS ARE THINNING

(By Associated Press.)

Columbus, O., Sept. 4.—Their ranks reduced to approximately 135,000, members of the Grand Army of the Republic, are about ready to retire from the stage of action and bequeath their traditions to their sons, veterans of the European war, now organizing into the American Legion.

The fifty-third annual encampment of the G. A. R., which opens here Sunday, September 7 for one week, probably will be the last great encampment of the old veterans, according to James E. Campbell, former Governor of Ohio and chairman of the local committee on arrangements.

"Of course, there will be other encampments, but in all probability this will be the last big one. This was indicated at the last encampment, when thousands of veterans in the far west voted to hold this year's encampment in Columbus in preference to St. Paul. Most of them were born in the Central and Eastern states and they wanted to return, as they expressed it, to pay a last visit to their old homes and bid a final farewell to old and dear friends," Governor Campbell said.

## JEFFERSONVILLE PIKE IS OPENED

Announcement is made that the barriers on the Jeffersonville pike have been removed and that traffic over the road has been resumed, although the contractors are still at work on some of the berms along the main road surface.

The Jeffersonville pike has been closed to traffic off and on for several years, and there has not been a road in the county where the work of the contractors has been so slow, up to this year. However the contractors just completing the work have made fair headway and the road is now improved from this city to the State Road one mile east of Jeffersonville.

## The Moving Van More of a Bugaboo than Present Prices

It requires about 15,000 feet of lumber to build the average dwelling. Suppose the price of lumber has advanced; suppose it has advanced \$2.00 or \$3.00 or more. At worst then the additional cost as applied to lumber should not stop you in your quest of that greatest of all human achievements—A Home of Your Own.

These are Epoch-Making Days in America. Fringing no other thoroughfare of endeavor can there be found more signs of progress than along that which leads to the self-owned home. The urge toward its possession begins in the heart for in its foundries the character of growing children are modeled; in its laboratories are born countless expressions of love and sentiment; in its warehouses are stored undiminishable hours of happiness and contentment.

Now is the time to build. The cost of lumber has not advanced in anything like proportion to that of other commodities but there is no telling what the future has in store. Indications are that through increased demand and higher labor costs prices will go higher. Now is the time and when you decide to build that home as you certainly will soon, keep in your mind two things—high grade building material, lumber and our name, for we are easy to reach and ready to prove that we can adequately serve and please you.

## FARM NOTES

Culling Poultry to Pay Well This Fall

One-half of the Ohio farm hens fail to pay their feed bill, say Prof. F. S. Jacoby, poultry specialist of the Ohio State University. Unless the Ohio hen lays from 80 to 100 eggs a year she is being kept at a loss. On account of the high cost of feed, he suggests that it will pay better than ever this fall to cull the non-productive hens. Following are a few points to be kept in mind:

In selecting hens to keep over, preference should be given to those that molt in September or later, for they are—as a rule—the most persistent layers. They are likely to be rough in plumage with somewhat shriveled combs and pale colored legs. These things however are merely incidental to the nonlaying and molting period. Hens that appear in price condition at this time are those that molted in the summer because they stopped laying early.

Cull all hens that are not laying now. If they are not laying now their season is too short.

A width of two or three fingers between the pelvic bones indicates that the hen is laying.

A maximum distance between the keel and pelvic bones is to be sought, as this indicates capacity for egg production.

A soft, flexible comb is always desirable.

Picture shows are the only ones that seem to move, just at present.

Washington C. H. people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit?

Mrs. Etta Ellaman, 307 S. North St., Washington C. H., says: "I suffered a good deal with kidney trouble, and was so bad off, I couldn't get up or down without awful pains. I had attacks of lumbago that would lay me up for several days at a time. My kidneys acted irregularly, too. I couldn't rest nights and it was all I could do during the day to drag about. I had heard so much about Doan's Kidney Pills. I gave them a trial. The first box brought fine results." (Statement given July 31, 1913.)

On August 6, 1917, Mrs. Allaman said: "I haven't changed my good opinion of Doan's Kidney Pills for they always relieve me when I take them."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Allaman had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv.

## SWEDISH IRON IS THREATENED

(By Associated Press.)

Stockholm, July 29.—The Swedish iron industry is declared to be menaced by the high price of coal.

Some iron works now are being operated only at one-third their capacity for this reason, although orders are plentiful. Importation of coal from Germany is completely stopped, and

British coal costs the equivalent of \$22.50 a ton and coal from America about \$1.25 less.

Iron manufacturers are urging the government to use 300,000 tons of Swedish shipping to bring coal from America at reduced freight rates.

## Confusion

The American people can adapt themselves and their affairs to changed conditions and can concentrate their talent and energy to the need, or the pleasure, of the time, perhaps better than any other people on earth.

While engaged in war, with everyone content that war work should take precedence over every private demand, every individual need and every selfish ambition, we amazed the world with our accomplishments. We all pulled together and brought the answer by America's marvelous power and matchless energy.

Relieved from the necessities of war all that splendid and effective concentration of effort has been broken up. The different units of power have been set toward the attainment of private ends, very frequently, conflicting with other private purposes. The result has been a rather confusing and disturbing mixup in industrial and commercial affairs, to say nothing of governmental affairs.

Politics which, it seems now, was smouldering hot under the lid of war's necessities, has blazed forth with redoubled fury and has sadly disarranged the smooth running official machinery.

Everything has, apparently, been at sixes and sevens since the war ended. Every individual, once again set at liberty to follow his own inclinations, toward the attainment of his personal ambition, either in business or politics, has been intent upon his own affairs and become more and more, impatient with his government and his neighbors because they seem to get in his way and hold him back from reaching the goal upon which he had fixed his eyes.

Things do seem confused. They are confused and it's no wonder when we look about us and see in how many different directions we are pulling.

The atmosphere is beginning to clear, however. People are beginning to realize that it is impossible for them to get everything they want immediately and, with the coming of that realization, comes the assurance of better order and better service all around in public and private affairs.

We must all learn to complain less, no matter how aggravating disturbed conditions seem. The man who loves to complain can find plenty now to complain about but the useful citizen will hold his peace and wait for affairs to straighten out.

Nothing is gained by constant grumbling. We must have more regard for the other fellows' troubles and bear our own annoyances more patiently.

## More Than a Hint

Even though these are the first days of September which usually bring us a spell of hot, dry weather, there is more than a hint of autumn in the air.

The nights and mornings are quite cool. All the vegetation has stopped growing and the drying up processes, notwithstanding frequent rains, have begun in earnest.

These few cool days do not mean, however, that we are to have no more fine weather.

On the contrary this little touch of squaw winter may mean the coming of a longer, more beautiful Indian summer a little later along.

## The University Grows

The total enrollment at the Ohio State University this fall is expected to reach seven thousand. That is the estimate of authorities in a position to know all about what the big school is actually doing and what are its prospects.

We Ohio folks scarcely realize what a large institution of learning our Ohio State University has grown to be. It now ranks up at the top with great universities of the nation.

We are so accustomed to looking to the East and to the far West for our big educational institutions that we have been overlooking, to a certain extent, the tremendous strides forward which our own university has been making.

Not yet have our Ohio people become educated, in their appreciation of their university, to the point where they will consent to the payment of salaries to educators which compare, in amount, to those paid in the East and some of the far western institutions but, with the growth in size and enrollment at Ohio State they are coming to the point where they realize that the Buckeye State is able to pay the highest price for real ability in educators.

While there are many learned men connected with the university there is room for greater development now by securing educators and specialists of national and international reputation as members of the corps of instructors.

Ohio has much to be proud of in her university. It stands well now in many ways, but it can be made to rank higher.

## POETRY FOR TODAY

**JUST STEPPED ASIDE**  
Fallen? No friend, just stepped aside  
From the path that men call Right,  
Attracted by the flaunting poppies  
red,  
Nodding, inviting on the distant green  
lured by the call of myriad voices  
gay

That summoned to a feast unseen.

Into no hopeless depths of mire  
Thy brother-man has fallen;  
Just lost himself in mazes of the  
wood

That promised much, but shut him  
from the light,  
With fragrant arms entwined, until  
he strayed

Far from the path called Right.

But flowers by Pleasure planted soon  
Their gaudy petals lose,  
Patience! Once more the weary,  
wandering feet

Will seek anew the path that men call  
Right,  
If love the uncertain steps will gently  
guide

Till darkened eyes regain their sight.

## AMERICAN WOMEN LEAD THE WORLD

They Have Beauty, Health and Brains

"A really beautiful woman is always a healthy woman," remarked one of our noted beauty specialists.

"For true beauty comes from the blood and strong, steady nerves."

Rich, red blood, the fountain of life and youth, shows itself in clear rosy skin, solid flesh, fine form and a keen bright mind. Red blooded youth, with strong nervous vitality, are sought after by men; they are the hope and leaders of the world.

American women lead the world in health, beauty and intelligence, and their number is increasing. They have learned the value of Iron and Phosphates in keeping them in perfect condition.

"The number of weak, pale, fagged out, run down and nervous women is bound to decrease rapidly, once the power of Phosphated Iron becomes more generally known," said a leading doctor. "There is not a reason in the world why women should not be strong, happy and a joy to look upon when the remedy is at hand."

"Phosphated Iron has accomplished wonders with my patients. It has restored health, vitality, strong nerves and happiness to whole families. It's the healthy, red, iron blooded, strong, phosphated, for served men and women that enjoy life and lead in every work. Think it over."

To insure doctors and their patients getting the genuine Phosphated Iron, we have put in capsules or tablets, not allow dealers to substitute pills or tablets. Insist on capsules.

## GIVES REASONS WHY PRUSSAINS WERE OPPOSED

(By Associated Press.)  
Berlin, July 25.—(By Mail)—"The reason why the whole world rose up against Prussia and Germany and not against England is plain to everyone who had observed the Prussian policy in Poland and the Prussian administration in Alsace," asserts Professor F. W. Foerster, of the University of Munich, writing in the Tagblatt.

"England practiced much might to be sure, but it has also given the world much freedom and justice," he said. "She succeeded in reconciling the Boers whereas we were unable in forty years to regain the sympathies of the Alsations who are German to the core. That speaks volumes."

"The isolation of Germany from Hague conferences is irrefutable proof in dominating circles that Germany is possessed of different mentality than the rest of the world."

He charges Germany with having erred in the exchange of the Versailles notes on the question of guilt and states that many one-sided accusations might have been combated more effectively if Germany had not again endeavored to defend untenable positions with rank sophistries.

## Wounds From Rusty Nails Dangerous

Serious results, through blood poisoning, often occur from scratches, cuts or wounds from rusty nails or other metal. Don't run this danger. Protect yourself by having a bottle of Houstonia always at hand.

Dean McKillip, well-known farmer of Clark Co., Ohio, says: "I stepped on a rusty nail which extended half-way through my foot. I applied Houstonia to the wound and bandaged the foot. In a short time the pain got easier. After five days I did not limp and the wound healed nicely. People who use Houstonia for such injuries do not need to fear blood poisoning."

Houstonia (The Original Jones' Liniment) may be freely applied to open cuts, sores or burns without fear. It soothes while it heals. At your druggist. 25c, 50c and \$1.00 sizes. ## RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

The Knights of Pythias Castle blazed with cheer Wednesday night, when the Knights entertained at one of the most notable social affairs in the annals of the order, already punctuated with red letter occasions of more than ordinary pleasure. There was both general interest and patriotic appreciation in the function of Wednesday night—a supper honoring the K. of P. soldiers and the sons of members of the order who were soldiers, and no local aftermath of the world war has been attended with greater enthusiasm.

The Knights of Pythias sustained their well established reputation in "doing things up brown" and four hundred people, entirely Knights and their families were seated at once and served with an elegant chicken pie dinner—hot and delicious and served with a promptness which called forth loud praises.

The immense banquet hall was elaborately decorated in the national colors and the tables were beautiful, sparkling with crystal and silver and having centerpiece of pink and white cosmos.

One long table was reserved for the soldiers and their families.

Rev. William Boynton Gage himself a Knight, very appropriately opened and closed the services with prayer.

The after supper hour of toasts was one of supreme interest, all of those participating being Knights in high standing.

Hon. C. A. Reid brilliantly filled the role of toastmaster and responses were ably made by Major O. E. Hardyway, Major Rell G. Allen, Rev. Gage, Lt. Robert Johnson. Major Hardyway and Major Allen's addresses were of intense interest, descriptive and highly instructive and those made by Rev. Gage and Lt. Johnson in the entertaining, popular vein.

The large assembly rose to sing "America" with a heartiness that made the entire castle ring as the exercises were brought to a close.

The entire affair, with all that it was on a scale of magnitude that re-

quired no small executive ability and effort, was splendidly managed by the committee, composed of Messrs. Oscar Orr, Joe Gillespie, Earl Hughes, W. O. Deheart, Herman Price.

Much appreciated donations of butter and coffee were made by the Sunlight Creameries and Barnett's grocery.

Mr. Arrinrout donated his expert services in the making of the coffee.

Anticipating the erstwhile departure of the college set, the Chi Delta Chi Club gave one of the most delightful dances of the season at the G. A. R. hall Wednesday night.

The hall was beautified with yellow crepe baskets filled with Blackeyed Susans, and greenery and baskets were used for passing sandwiches served with the punch—quite a novel and effective idea.

The always popular Parker's Orchestra, with "Parker himself" was a big draw for the gay crowd found the entrancing music a main feature in the evenings joyousness.

There were guests from Chillicothe, Circleville, Wilmington and Hillsboro, as well as near by towns.

The following account, taken from the Wilmington News, of the marriage of Miss Faith Austin, former teacher in the local schools, to Mr. J. Gurney Terrell, will be of interest to the bride's many Washington friends.

"The home of Dr. and Mrs. G. M. Austin, on Columbus street, was prettily decorated this morning for the wedding of their daughter, Miss Faith, to J. Gurney Terrell. Smilax and cosmos prevailed about the beautiful homestead, the colors of pink and white prevailing everywhere.

Before the ceremony, which Rev. A. B. Austin, of Madisonville, an uncle of the bride performed, using the simple singlering ceremony, Miss Louise Austin, daughter of Rev. Austin, played the prelude of Rachmannhoff, and Clayton Terrell, a brother of the bridegroom sang "My World." Misses Elizabeth and Lois Austin made an aisle of ribbon, down which the bridal pair passed to stand before the minister for the ceremony.

The wedding occurred at 10 o'clock after which a three-course breakfast was served to the 36 invited guests.

The bride was beautiful in a dress of white Georgette, trimmed in lace, and she carried a bouquet of white rosebuds and cosmos. The bride's going away suit was of dark brown, with hat and shoes to match.

Mr. and Mrs. Terrell leave at once for a wedding tour by automobile through the East, Washington City, Philadelphia, New York and Boston being on their itinerary, with the coast of Maine, where they plan to spend some time, as their objective point. On their return they will be at home on Mr. Terrell's splendid farm, not far from New Vienna, "Atwood Farm," known far and wide as one of the best farms and one of the best managed stretches of farm land in this section of Ohio.

The regular monthly meeting of the Ladies' Aid Society of Mt. Olive Church was held Wednesday afternoon at the home of Mrs. Trox Farrell on the Devalon road.

Eleven members responded with scriptural quotations to roll call and there were a large number of visitors who added much to the congenial interest of the gathering.

Only one thing shadowed the pleasure of a delightful social hour—that was the resignation of the President, Mrs. Charles Engle, who for the past two years has filled the office with marked capability.

For the present the Vice President, Mrs. Harry Minton, will take over the duties of presiding officer.

Mrs. Farrell served delicious re-

freshments and the flowers of early fall decked the home.

Mrs. Elmer Ellisberry, of Illinois, was an out of town guest.

The announcement of the marriage of Miss Lavin Kelly to Mr. Vernon Schwallie, of Cincinnati, on Wednesday, the third of September, comes as a complete surprise to many Washington friends, who notwithstanding the march stolen upon them, are extending all best wishes.

For the past ten days Miss Kelly has been the guest of Miss Phyllis Purdon, in Cincinnati, and the young couple decided to end their engagement with the marriage ceremony before her return to her home with her grand mother, Mrs. William Sylvester and sister, Miss Ruth Kelly, on Circle Avenue.

The bride is extremely young, barely eighteen and a Junior in the High School, where her quick wit and bright mind have made her a favorite with both teachers and pupils.

The bridegroom is associated with the Triumph Ice Machine Co. and The Armstrong Clark and Insulating Co. of Cincinnati, and recently installed the new refrigeration plant at Fite's grocery. A very likable young fellow, he made numerous friends during the short time of his stay here.

No information has as yet been given out concerning Mr. and Mrs. Schwallie's future plans.

Mrs. Wm. Boynton Gage extended the hospitality of the Presbyterian manse to the women of the congregation at the Guild Kensington, Wednesday afternoon, with the Guild officers acting as hostesses of the day.

The annual election was held and the consensus of opinion was so appreciative of the excellent work performed by the officers and the smoothness with which the society was operated, that the same officers were unanimously elected for the coming year. The officers are President, Mrs. J. F. Dennis, Vice Presidents, Mesdames Frank M. Fullerton, C. A. Reid, A. C. Henkle, Secretary, Mrs. G. W. Blakeley; Treasurer Mrs. Austin F. Hopkins, Chairman of Entertainment Committee, Mrs. Josephine Kerr.

Refreshments were served and a number of women enjoyed a social hour before adjournment.

An all day meeting of the West Holland auxiliaries of the W. H. M. S. was held at Oak Chapel Wednesday. This meeting is an annual event of September and is accompanied by the annual thank offering.

The day was one of much social pleasure as well as interest, the basket dinner at noon a leading feature.

The present day interest in suffrage for women led to the extending of an invitation to the Fayette County Suffrage Association for representation and in response Mrs. D. S. Craig, President, Miss Edith Gardner, Mrs. H. G. Coffman and Mrs. Daniel H. Van Winkle drove out in the afternoon. Each of these women made stirring talks in addition to the regular program of the day.

Mr. and Mrs. A. W. Pyley were the promoters of a very delightful surprise party at the home of Mr. Pyley's parents, Mr. and Mrs. S. A. Pyley and in honor of Mrs. Pyley's birthday Tuesday night.

Mr. and Mrs. S. A. Pyley returned from a visit in Springfield to find their home filled with immediate neighbors and friends and entered amid a shower of merry good wishes.

It was certainly a complete surprise and a much appreciated one and Mrs. Pyley was also the recipient of a number of nice presents.

The home was tastefully decorated with cut flowers and a deliciously prepared luncheon was served.

The postponed meeting of the Westminster Guild will be held at the First Presbyterian Church Thursday night and both men and women, young and old, are cordially invited to attend.

The young women are presenting a special missionary drama and Rev. Gage will make a short talk.

"Rev. E. C. Prosser, former rector of All Saints chapel at Wilmington, has taken the rectorate of Holy Trinity Episcopal church in Hartwell, a suburb of Cincinnati, and will begin his work there next Sunday. For the past three years Rev. Prosser has served as rector of St. John's church at Columbus, where he has been very successful with the parish work, which has included much along institutional lines. His new parish offers an attractive field for his efforts and he will also be very pleasantly located with his family, the commodious rectory being situated next door to the church. Mrs. Prosser and their two little sons, who have been spending several weeks with Mr. and Mrs. J. E. Orebaugh in Wilmington, will join him in Hartwell Wednesday."—Wilmington County Democrat.

Rev. Prosser was for sometime rector of the Saint Andrews Mission in this city.

"Unselfish Service" was the topic of the regular meeting of the Sugar Grove W. C. T. U. held at the home of Mrs. Elva Post on the Creek road, Wednesday afternoon.

Mrs. Bell Marine lead the devotionals and, Mesdames Bertha Baker, Leo Baughn, Ruth Sturgeon, and Delele Elliott each has excellent papers on this subject.

An election of officers for the coming year resulted in Mrs. Elva Post being chosen President; Mrs. F. E. Haines, First Vice; Mrs. Rilla Silcott, Second Vice; Mrs. Ruth Sturgeon, Secretary; Mrs. Delele Elliott, Assistant Secretary; and Mrs. Leo Baughn, Treasurer.

Appetizing refreshments were served, and the women lingered for a social hour enjoying the hospitality of the home.

Victrola music was also enjoyed.

Mrs. W. W. Davies hospitably entertained the members of the Woman's Foreign Missionary Society of the Methodist church Wednesday afternoon at her home on Columbus Avenue.

It was the regular September meeting with thirty members and visitors in attendance. Mrs. F. M. Kennedy, the President presiding, Mrs. Elizabeth Cherrington offered prayer and Mrs. John Selman was in charge of the devotionals.

The officers for the past year, Mrs. Kennedy, President; Mrs. C. S. Haver, First Vice; Mrs. Alice Adams Second Vice; Mrs. J. B. Worthington, Third Vice; Mrs. Davies, Fourth Vice; Mrs. Scott Hopkins, Treasurer; Mrs. C. A. Teeters, Recording Secretary; and Miss Fannie McLean Corresponding Secretary were reelected.

Following the Mite Box opening, Miss Marcella Griffith gave a comprehensive talk on her stay at the School of Missions in Lancaster, and Mrs. F. M. Draise the first President of the Auxiliary, an interesting account of the progress made by the organization.

Mesdames C. W. Shough, Will Patton, A. H. Taylor, J. W. Harsha, and Angeline Mills were welcomed into the society.

Light refreshments and a social hour closed the meeting.

Mrs. Lawrence E. Cook and little daughter, Bettie Jane, came down from Columbus Wednesday afternoon to visit a couple of weeks with Mrs. Charles Gage and other Washington friends.

Miss Susan Putman of Athens and Miss Prudence Culhan of Maple Grove Hotel are guests of Miss Mary Weaver for a few days.

Harold McLean who was with the Financial Requisition office in Paris has received his honorable discharge from the service, and is now at the home of his parents, Mr. and Mrs. Norman McLean, on the Leesburg pike.

Miss Geraldine Coffman, who has been spending a few days with her mother, Mrs. Maude Coffman, left Thursday morning for Boston, Mass.

Mr. and Mrs. James Summers have as their guests this week, Mrs. Summers' aunt, Mrs. Glenn Radcliffe, of Indianapolis, Ind., and Mrs. Hiram Dowden, of Columbus.

Mr. and Mrs. Mart L. McCoy, Mr. and Mrs. Paul Zimmerman, of Springfield, spent Monday in Columbus attending the surrendering of the colors of the 83rd Division. Mr. Zimmerman was a lieutenant in this division.

Mr. and Mrs. Harry Kimble and son Herbert, of Marion, Ind., and Mr. and Mrs. Orville Goff, of Dayton, have been visiting Mrs. Kimble and family.

## FOUR THOUSAND OF 1ST DIVISION REACH NEW YORK

(By Associated Press)  
New York, Sept. 3.—Four thousand officers and men of the famous First Division of the Regular Army, veterans of some of the bloodiest victories that ever crowned arms, returned home today on the transports Amphion, Suwanee and Mobile.

THE BIRTHSTONE FOR SEPTEMBER IS SAPPHIRE. HETTES-HEIMER, JEWELER.

## FINDS SISTER LONG MISSING IN THIS CITY

Young Man Who Recently Asked Information Concerning Sister, is Rewarded.

Mrs. Orville Leveck is Sister Sought by Albert Linder, Omega, Okla.

In response to a letter recently published in The Herald, in which Albert G. Linder of Omega, Okla., asked that he be aided in a search for his sister, Belle, it has developed that Mrs. Orville Leveck, of Paint street, this city, is his sister and the two are now in touch with each other after having been separated for more than twelve years.

Mrs. Leveck states that there were four children in the family who were orphaned when they were quite young and that they were sent to the Clinton County Childrens' Home. At the age of four years, the youngest brother, Albert, who instituted the search, was adopted by Dr. Linder of Omega, Okla., and his name was changed from Gifford to Linder.

The four children became separated and no word was passed between them until Mrs. Leveck saw the letter of her brother in The Herald.

She at once notified him of her place of residence and has received a reply. He writes that he is now sixteen years old and is living in Omega, Okla. He also states that he has found his other sister, Mrs. R. L. Frederick, who is married and is living in Sacramento, California.

The older of the four, Harry, has not been located but a search will be made in order that the brothers and sisters may be united once more. Mrs. Leveck states that she expects to visit her brother and sister in the near future.

## HATHAWAY NEW HEAD OF CLUB

The Thursday luncheon of the Dutch Treat Club was in the form of a farewell for the retiring president, W. L. Herron, who recently moved to Columbus. Mr. Herron was down from Columbus for the luncheon and for the election of officers, and the welcome given him was a complete surprise.

With a few words in which he expressed the regret of the Club at the departure of Mr. Herron, Hon. C. A. Reid presented the honor guest with a handsome fishing reel as a token of the Club's appreciation of his services.

In the election of officers which followed the luncheon Nolan Hathaway, the vice president, was chosen president.

George H. Hitchcock, after serving more than a year and a half as secretary, resigned, and C. N. Baer was chosen to fill the vacancy.

## NEW CANDIDATE FOR MAYOR HAS ENTERED FIELD

When voters enter the polls at the November election they will be confronted with three candidates for mayor of this city—Mayor V. J. Dahl, John Oster, Jr., and Geo. Cox, the former on the democratic ticket, the second on the republican ticket and the third on an independent ticket.

Mr. Cox, who formerly was in the city council, had his nomination petition in circulation Thursday—the last day for filing—and later filed the petition, so that the contest for mayor next November will be a three-cornered one.

So far as known Mr. Cox will be the only candidate on the Independent ticket, no effort having been made to place a complete Independent ticket in the field.

## RENNER SAYS TREATMENT OF ALLIES IS FAIR

Believes Conferees Understand Conditions Existing in Austria

(By Associated Press)  
Paris, September 4.—Before leaving for Vienna after receiving the final draft of the Austrian peace treaty, Dr. Renner, head of the Austrian delegation, said that the communications made to the Austrians by the peace conference showed that the allies understand perfectly well the economic situation of Austria and had adopted a benevolent attitude in this connection.

## "BLACK JACK" GETS HONORS

(Special to The Herald)

# THE MILK WE DRINK IN ITS PREPARATION

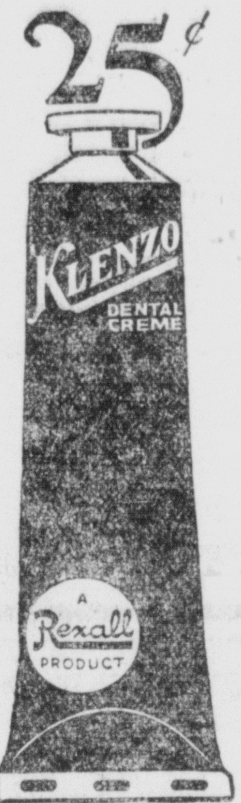

A Trip Through the Clover Leaf Dairy, One of the Best in the State and one Of Washington's Most Important Institutions.

As a man's success is known by his proportionate growth with his advance in years, so also may be gauged the success of a town or a city. A man grows only as he develops his co-ordinate talents and capacity. A town grows in the same way. And judged by this standard, Washington C. H. has grown to a surprising degree within the past few years of national progression and has developed fully in a progressive sense.

## BABY WATCHES ACTRESS-MOTHER SIGN WITH STRIKERS

Ruth La Grange, "Oh Boy" company, signing with Actors' Equity association while baby daughter watches proceedings.

The fact their families must be provided for during rehearsal periods is pointed out by striking actors and actresses in demanding pay for extended

As the real growth of a man cannot be measured by a mere increase in bulk, neither can the growth of a town be measured by a mere increase in population. It is the development and improvement of vital forces and institutions that go to make the man or the town by which growth can be measured.

Washington has grown in a genuine sense. With its increase in size has come a relative advancement of its institutions, no better example of which can be found than in its milk supply.

A Few Years Ago. If the people of Washington C. H. were today to be served with the milk supply that existed but a few years ago, there would be untold dissatisfaction. Washington C. H. has a milk supply second to none in any city in the state of Ohio and has grown by insensible degrees to depend upon it. Other towns and cities are not all so fortunate.

A few years ago the milkman depended upon his own dairy herds. His capacity for supplying the people depended upon his herd. It was limited. He or his family milked the herd. The milk was put into crocks to keep until the next day's delivery. It was then taken out in the wagon and

rehearsals. That's probably why Baby La Grange was interested in the proceedings while her mother, Ruth La Grange, signed up with the Actors'

ladled out to his customers. Buckets, pitchers, bowls were used to contain it. Bacteria thrived. There was nothing to prevent it. The milkman and the customer as well, were unconscious allies of typhoid and malaria.

Today, although few people realize the full significance of it, Washington C. H. has a milk supply that is practically unlimited and a modern supply plant that processes and bottles this important product in such a way that the customer gets his milk in the purest and most sanitary condition that modern methods and machinery can provide it.

The Clover Leaf Dairy. The Clover Leaf Dairy, managed by W. A. Armbrust, just outside the city limits on the Lewis pike, has, from a modest beginning, grown in the space of a few years into a thoroughly modern, and sanitary milk dispensing establishment, representing in round figures something upwards of \$15,000 and with a daily operating expense of approximately \$100.

All milk is received at the plant from private producers. This milk is tested before accepted and its value depends on the test. It is, under this system, not only advisable but requisite that the milk offered by the pro-

ducer be both pure and of high quality. Quality is known by the test, and quality can not be secured through unsanitary handling. No one knows this better than the producer and he, perforce, follows such methods as will secure it.

Processing the Milk. All milk, after being received, tested and weighed at the plant, is then poured into the pasteurizer—a huge, metal-lined airtight vat, through which revolve hot-water coils. In this vat the milk is brought to high temperature. This is the process known as pasteurization and which eliminates bacteria from the milk.

The pasteurization complete, the milk is then released into sterile pipes connected with the pasteurizer and conveyed to a perforated trough through which the milk falls in a sheet over the cooler.

The cooler is a metallic contrivance of coils carrying cold water and brine decreasing in temperature. When the milk has passed over these coils it has been reduced in temperature to approximately 40 degrees. From the cooler the milk is then conveyed to what is known as the filler.

In the meantime, the bottles that are to receive the milk have been undergoing a process of sterilization. They are first put through a big washing machine, after which they are placed in a steam sterilizing oven. They remain here for twenty minutes and come out too hot to handle with the bare hands, and would scarcely afford a pleasant home for a family of germs.

After cooling the bottles are carried in trucks to the filler. The filler is a metal tank on the underside of which are arranged a number of valves. As the bottle-laden truck passes under the filler, the valves are adjusted to the bottles, without handling, and the bottles are filled.

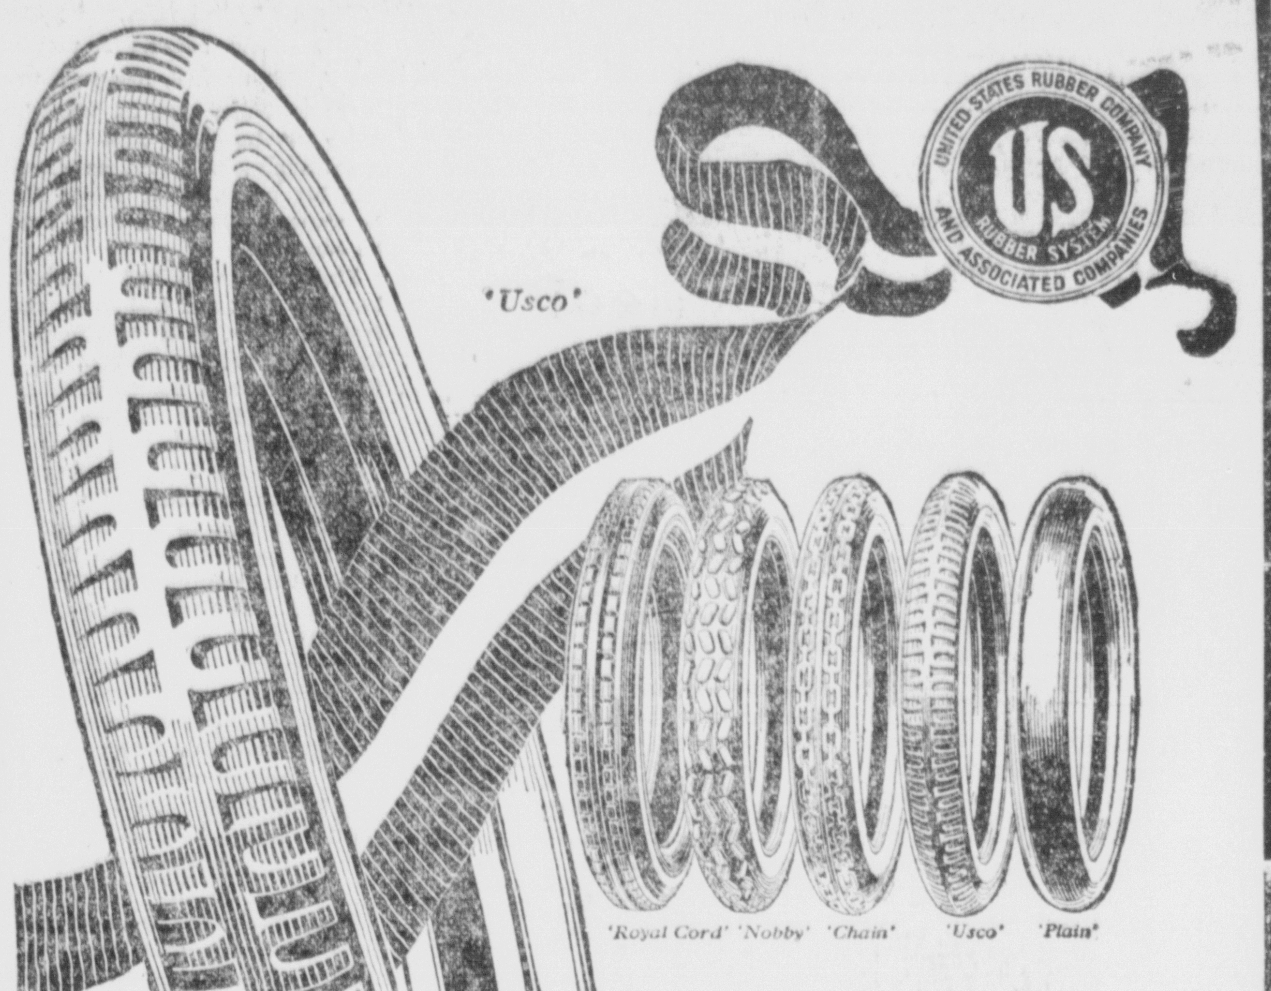

This done, the bottles are capped and taken into the refrigerating room where they are held at a low temperature until time for delivery. This

## PINTO COMING HI HAS RECORD

Pinto, of Circleville, the port sider who recently became a member of the Athletic squad, has sent word to Manager Noon that he will be on hand for the game with the Clintons next Sunday and that he expects to win his game. Pinto, states that all he wants to do is show the fans that he can pitch.

Pinto was wild and ineffective in his first start and had to be removed from the box. The ambitious young hurler was greatly disappointed at the time because of his inability to control the ball and will be given the chance to show his real form.

He will bring his battery mate with him and he says that he will offer no alibi if he fails to land a winner.

It will be of interest to the fans to know that Helronemus, the Clinton star, has not been scored on during the last three games he has pitched. At North End Park, Sunday afternoon he let the Springfield White Sox down with three singles and won his game, 1 to 0 in an eleven inning contest.

## MAY MEET CHAMP A SECOND TIME

Some little controversy seems to have originated over the wrestling match between Cliff Binkley, who

claims the amateur championship of the state, and "Mike" Hillery, the local strong boy.

According to direct information, Hillery defeated the Columbus wrestler in two straight falls. It is further stated that Tom wrestled under an assumed name. Binkley now comes forward with the statement that he would like to meet Hillery any time on a winner-take-all basis. Binkley agrees to throw Hillery twice in an hour.

When this information reached "Mike" he declared he was ready to accept the challenge and stated that he would like nothing better than a match for the state amateur championship. Binkley is six feet tall, weighs fully 215 pounds. He has the reputation of being one of the best men in the state.
